

1/13/17

RA opportunity: The Regulation, Action, and Motivated Perception (RAMP Lab [<http://www.ramplab-rutgers.com/>](http://www.ramplab-rutgers.com/)) directed by Dr. Shana Cole is seeking applications for several paid Research Assistant positions for transgender students. This would be a great opportunity for students looking to gain research experience in the sciences or social sciences. Further, the students would learn about (and be a part of!) advances in psychological science aimed at reducing prejudice towards transgender individuals. Individuals hired for these positions would also be full members of the lab and have access to a variety of professional development workshops. Students will be paid \$15/hour and will work for 15 hours each week. The only requirement for interested students is that they are over 18 years of age and identify as transgender. Students interested in applying may contact Kristina Howansky at kristina.howansky@gmail.com.
