

The Social Perception Lab, directed by Dr. Lee Jussim, is seeking research assistants. The lab is currently doing research pertaining to (1) scientific integrity and (2) race and gender stereotypes. Lab duties include (but are not limited to) running research participants, preparing study materials, recording, logging, and inputting data, reading and analyzing research articles, and attending lab meetings. Research assistants earn 3 course credits (per semester) for their participation, and are required to spend 10 hours per week doing lab work and to commit to 2 semesters of involvement.

If you are interested in joining our lab, please fill out our brief survey using the link below. *You must use your ScarletMail account to access the survey; the link will not work if you are not using ScarletMail.*

If you have any questions, please contact us at labsocialperception@gmail.com.
