Tuesday, Nov 14th

Get some quick answers to your career questions without having to wait for an advising appointment.

Visit with a career advisor in a relaxed setting with some of your peers.

Meet your industry-savvy career development specialist, and other presenters, to discuss your most pressing career questions.

Each month's conversation will start off with a short "YOU NEED TO KNOW" presentation on a specific career topic.

Bringing a laptop or tablet is encouraged!

The first meetup will take place on September 28th from 2 to 3 PM at the Red Lion Café at College Avenue Student Center. The topic will be networking. This is a terrific chance for students to stop by and get targeted career advice in a casual setting without having to wait for an individual career services appointment. Students can get register for the meetup on CareerKnight at:
