

Job positions as case managers: EAC Brooklyn & Staten Island CRAN. EAC CRAN is a forensic case management agency that offers alternative to incarceration and reentry services to individuals designated with a serious mental illness who have involvement with the criminal justice system. Case managers' responsibilities include conducting initial assessments, working with our clinical coordinator to develop appropriate treatment plans for clients, managing a case load of clients and monitoring a client's time in treatment, and preparing reports for the courts. Any students with interested in applying for the open positions should send a resume and cover letter to myself (dyoung@eacnyc.org) and Charlotte Mcness (cmcness@eacnyc.org)
