

Fall 2019 Advanced Topics/400 Level Courses

**830:402 Advanced Topics in Human Cognition**  
**Mapping the Functional Systems of the Brain**  
**Professor Arnold Glass**  
**SEC 202 MW5 (3:20-4:40pm)**

**Prerequisites:** 830:301 Sensation and Perception, 830:303 (Memory) or 830:305 (Cognition)  
(Jr/Sr 830 Major) or permission of instructor

This course is for someone who likes to draw, is good at it, and is interested in neuroscience. In this seminar, students will spend the semester creating an original drawing of some functional system in the brain. It will be necessary to master technical neuroscience reports to understand what should be drawn and then to have the patience and skill to draw it.
