Teach For America Application Deadline

Teach For America is a nonprofit organization that is dedicated in combating both the social and educational inequities that exist within thousands of schools across the country. Now, our approach to solving this issue- the issue of a zip code determines your access to opportunity is done in threefold: The first, we looks to enlist our nation’s most extraordinary, diverse coalition of leaders. (Why? At the end of the day, teaching is leadership). The second is the support and impact of these leaders during their two-year commitment at a public or charter school in a lower-income community where we look to develop, enhance, and enrich our corps members' leadership and skillsets so that you are making an immediate impact on our students and the communities that we serve. Finally, we look to continue that support by mobilizing our TFA network of 50,000+ strong folks in continuing their lifelong advocacy for fundamental change where they will act as education thought-leaders in a wide range of industries such as business, finance, policy, law, medicine, tech, and education.
