

PIRG:

Apply to work with the Student PIRGs today before our Early Application Deadline on November 1st.

The Student PIRGs are hiring organizers to work on some of the most pressing issues our generation is facing. If you want a job where you can make a real impact [apply today!](#) Our organizers work full-time to provide students the training, professional support and resources they need to move our country forward while gaining campaign skills and being trained by some of the top organizers in our country. Students are often at the forefront of movements to build a better future for our country. Whether or not those students make real progress depends on whether they are organized, have the skills to be effective and a strategic plan to get things done. The Student PIRGs have been working for over 40 years to amplify the power of student activism, and help students tackle some of the country's most pressing problems.
