The Learning Research and Development Center (LRDC) at the University of Pittsburgh is seeking summer undergraduate interns to promote broader participation in training in the Learning Sciences. We aim to bring students to LRDC who embody the diversity of our nation, region, and city. LRDC interns would gain experience in the Learning Sciences (research on instruction and learning) by working on a project with a faculty member who specializes in this area. Flyer advertising the program attached. (see attached flyer)

The Learning Research and Development Center (LRDC) at the University of Pittsburgh is seeking summer undergraduate interns to promote broader participation in training in the Learning Sciences. We aim to bring students to LRDC who embody the diversity of our nation, region, and city. LRDC interns gain experience in the Learning Sciences (research on instruction and learning) by working on a project with a faculty member who specializes in this area. Interns may also work with advanced graduate students or postdoctoral fellows in the faculty members' labs. Learn more about the program at [http://www.lrdc.pitt.edu/Diversity/internship/](http://www.lrdc.pitt.edu/Diversity/internship/).

Faculty have primary appointments in the Department of Psychology, and the Schools of Education, Law, and Computing and Information. For a list of potential faculty mentors and research topics, see: [http://www.lrdc.pitt.edu/Diversity/faculty_mentors.cshtml](http://www.lrdc.pitt.edu/Diversity/faculty_mentors.cshtml).

Although applications from all undergraduate students will be considered, these internships are most appropriate for students who will be entering the final year of undergraduate study. These internships will provide valuable experience for students who intend to apply for graduate programs in the Learning Sciences. We especially welcome applications from students who are interested in applying to one of our PhD programs.

The internship program will run from June 1st - July 31st, 2020 and all participants are expected to be in residence for the entire program. Housing and a stipend will be provided. A limited number of travel supplements are available to fund student travel to and from Pittsburgh.

Eligibility requirements: Students should have a primary field of study in an area relevant to the learning sciences. GPA should be over 3.0, however promise can be demonstrated through other means, such as letters of recommendation, student background, research experience, etc. The University of Pittsburgh is an Affirmative Action, Equal Opportunity Institution. Women and members of under-represented minority groups are especially encouraged to apply.

Email questions to the intern program co-director, Tim Nokes-Malach, at [nokes@pitt.edu](mailto:nokes@pitt.edu).

Applications are due no later than **March 30th** and should be completed at the following website: [https://form.jotform.com/200333515915145](https://form.jotform.com/200333515915145). Applicants will be informed of the decision by April 6th. One or more letters of recommendation from a faculty member should be submitted on behalf of applicants directly to [LRDCinterns@Pitt.edu](mailto:LRDCinterns@Pitt.edu) by March 30th.
