The Rutgers Social-Emotional and Character Development (SECD) Lab, directed by Professor Maurice J. Elias, is seeking highly motivated Research Assistants to assist in ongoing projects.

In our clinical/community psychology lab, we conduct research projects related to social-emotional learning and character development (SECD), primarily (but not only) with urban school districts in New Jersey. We aim to engage young people in schools to take action and make positive changes in their communities. The Rutgers students who join our team will have the opportunity to help out with three different projects (listed below), and receive course credit for their work. Please check out our website for more information about each project.

Requirements
- Fluency in English required; second language skills, especially Spanish, a plus
- Prior experience growing a social media presence on Twitter and/or Pinterest and/or Facebook (required for the Social Media Team, an asset for other teams)
- Ability to work independently and collaboratively
- Excellent writing skills
- Professionalism and attention to detail
- Must be an enrolled Rutgers student
- Commit 9 hours/week for at least 2 semesters
