Notes:

- 1) CPE = Computational Practice Examples, found throughout the book chapters. Complete all questions to the best of your ability to be handed in for homework.
- 2) No form of cheating will be tolerated and this class will not likely be graded on a curve.
- 3) Extra help will be provided to the best of my ability by appointment only (no official office hours will be held) and by e-mail.
- 4) Grades will be assigned as follows:
 - Homework : 10%
 - Exam 1: 25%
 - Exam 2: 25%
 - Final Exam: 40%
- 5) An extra credit reading / scholarly writing assignment will be available, full details will be provided within the first week of class.
