

Principles of Developmental Psychology  
Rutgers University, New Brunswick; 01:830:271  
Summer 2013; First Session (May 28 – July 5)  
**Tues 6:00pm, ONLINE**  
**Thurs 6-10:00pm, IN CLASS: SEC rm 207**

Dr. Linnea Dickson

Online Office Hours: Tues 6:00-9:00 – Main Chatroom\*

In-Person Office Hours: by arrangement; Tillett 101

Email: [ldickson@rci.rutgers.edu](mailto:ldickson@rci.rutgers.edu)

**Required** Textbook: Berk, L: Exploring Lifespan Development 2/e, Pearson (online version okay)

**Required** Online Materials: MyDevelopmentLab to accompany the textbook

MyDevelopmentLab CourseID: **dickson93058**

### **COURSE DESCRIPTION**

This is a hybrid course, which means that we will be meeting both online and in class. A significant portion of your course work (and course grade) will take place online. It is imperative that you have reliable internet access.

The reading load for this course is intense – you will be reading a 19-chapter textbook in 6 weeks! If you do not have the time and inclination to do a great deal of reading this is probably not the course for you.

### **COURSE GOALS**

Upon successful completion of this course

\*Students will recognize the major physical, cognitive and socioemotional hallmarks of human development at each major period of the lifespan.

\*Students will be able to recognize and distinguish among the major developmental theories.

\*Students will demonstrate a beginning ability to “think like a developmental scientist” which includes:

\*being able to critically evaluate developmental theories, research, and conclusions;

\*understanding how change over time is conceptualized and researched.

\*Students will demonstrate the ability to apply their knowledge of the course content to real world problems.

## COURSE POLICIES AND EXPECTATIONS

### ATTENDANCE

**Attendance-In Class.** Attendance at our Thursday class meetings is **mandatory**. Missing just one summer class is equivalent to missing about 1½ weeks of class during the regular semester.

Participation in discussions and GroupWork Projects during class meetings is a significant portion of your grade. Given that, a student who misses even just one class is at significant risk of failing the class. If you are not sure you will be able to attend every class I strongly suggest you not sign up for this course.

**Attendance-Online.** You are also **required** to attend class online during our Tues class meetings by signing on to eCollege and working with your Groupmates on the week's project (see GroupWork and GroupWork Chat sections below). **If you are not sure you will be able to sign on to our class every Tuesday, I strongly suggest you not sign up for this class.**

### PARTICIPATION

**GroupWork.** Each week you will work with a group of 4 or 5 students (assigned by me) on a project related to the week's topic.

**Online:** You are expected to communicate with your group members online during Tuesday's class time (6:00pm) in preparation for Thursday's class (I will assign each group a chatroom for this purpose). You may also decide together on an additional time(s) when you all agree to sign into your group chatroom, but keep in mind that I won't necessarily be present to help/advise you during these alternate chat times. (Please note that all posts to chatrooms are archived and visible for my review. I will use them as the basis for your Individual Online GroupWork score. While the atmosphere in the group chatrooms is more informal than for Threaded Discussions, appropriate etiquette is still required!) Finally, you may email your groupmates during the week. Just make sure you include me in any email exchange pertaining to your GroupWork Project so that I can include it in your score. (To ensure inclusion in your GroupWork score, please include the words "GroupWork Project" in the subject line of these emails.)

**In Class:** During class Thursday you will work with your group to complete your project and present it to the class.

**Grading:** Your GroupWork score for each week will consist of 3 parts: a) your Individual Online contribution to the project throughout the week (15 points); b) the Overall grade for the project content (15 points); and c) the grade for your group's presentation (10 points). Each group member will receive the same score for parts b and c (unless they are absent, which would result in a 0). GroupWork is worth 40% of your course grade.

## ONLINE ASSIGNMENTS

**MyDevelopmentLab (MDL) Study Plans.** You are required to complete the 25 question Pre-test and Post-test for each chapter. Take the Pre-test before reading the chapter. You probably won't do too well on it. But don't worry – that is to be expected since you haven't read the material yet! You can review your answers and the “Study Plan” that MDL creates based on your answers to see what section(s) of the chapter you may need to spend more time on. After reading the chapter, take the Post-test. If you score 23 points or more – you are finished. Be sure to click “Email Study Plan” and send your scores to me ([lddevelru@me.com](mailto:lddevelru@me.com)), and to yourself if you wish. If you scored lower than 23 on the Post-test, go back and re-read/study the sections that your Study Guide indicates you need improvement or did poorly on. When you are ready to try again, re-take the Post-test. You can take the Post-test as many times as you need to. Once you have scored 23 points or more, send me your Study Plan by clicking on the “email Study Plan” button and entering my email ([lddevelru@me.com](mailto:lddevelru@me.com)). Completed Study Plans (both Pre-test and Post-test completed for each assigned chapter, with at least 23 points scored on the Post-tests) are due by midnight Monday of the appropriate week (see schedule; Wk1 due dates are different). Study Plans submitted after the deadline will not be accepted and will result in a 0. Study Plans are worth 1 point each, for a total of 19% of your course grade.

**Threaded Discussions (“ThDs”).** Each week I will pose a question related to the week's reading. You are required to post at least one response to the week's topic by midnight Monday (due date for first week is midnight Tuesday) and responses to two classmates' posts by midnight Wednesday. Your discussion posts will be graded for quality and must conform to “netiquette” guidelines (see “Guidelines for ThDs” under Course Home in our eCollege course site). Your posts and responses to the weekly discussions are worth 2.5 points per week, for a total of 15% of your course grade.

**GroupWork Chat.** You are **required** to sign in to your group's assigned chatroom during the Tuesday evening “online” portion of our class (6-10:00pm, beginning in Week 2) to work with your group-mates on the weekly project. You may also choose to set up additional/alternate time(s) with your group-mates and/or send emails to your group during the week. (To ensure inclusion in your GroupWork score, please include the words “GroupWork Project” in the subject line of these emails.) Your contribution to the groupwork discussions in preparation for the Groupwork Project constitutes the Individual Online portion of your GroupWork grade.

\* **Main Chatroom.** Use the main chatroom to communicate with me during office hours (keeping in mind that everyone can see what everyone else says in this chatroom – use email to communicate with me privately), and chat with your fellow students about the course, assignments, study-buddy requests, etc. **Check in to the main chatroom on our first Tues (5/28) at around 6:00** to say hi to me and your fellow classmates and ask me any questions you have. Other than the first week, you do not have to ever post in the main course chatroom (though I suggest that you do make use of it). Even if you don't plan on posting in the Main Chatroom you should “stop in” periodically (especially Tuesday evenings) to see if there is anything useful/interesting going on.

**Grading** Your course grade will be calculated as follows

Syllabus Quiz .....	1%
MDL Study Plans .....	19%
Threaded Discussion Participation .....	15%
Individual GroupWork contribution .....	15%
GroupWork Project Content .....	15%
GroupWork Presentation .....	10%
In class Chapter/Lecture Quizzes .....	20%

## SCHEDULE

### Week 1: Introduction and Foundations

Reading: Textbook chapters 1-3.

Online:

eCollege: Sign on to our eCollege course site using your Rutgers netID. Familiarize yourself with all items under the “Course Home” tab (far left hand side of screen). Be sure to read the syllabus!

Syllabus quiz (located under Week 1): You must score 100% to earn credit for this assignment. You may take the quiz as many times as needed to earn the 100%. The quiz will only be available until **11:59 Tuesday** – you must complete it (with a score of 100%) to earn credit for it.

Textbook assessment: Register for MyDevelopmentLab for our course and textbook. (See instructions under “Enroll in MyDevelopmentLab” under “Course Home” in our eCollege site. Our CourseID for MyDevelopmentLab is **dickson93058**.) Take the Pre-test and Post-test for each chapter (chapters 1-3). Email me your Study Plan by **5:00pm Friday**. See more complete instructions above.

Threaded Discussion: Post a response to **both** topics in the “Getting to know each other” Discussion by **11:59pm Tues night** and respond to your classmates by **11:59pm Wed night**. Make sure you review the Guidelines for Threaded Discussions tab (under Course Home in our course site) before you post.

Say “Hello”: On **Tuesday** during our scheduled class time (**6:00pm**) sign on to our eCollege course site and enter the Main Chatroom. I’ll be there. Introduce yourself and ask me any questions you may have about the course.

In Class (Thursday)

Introduction

Group Work

## Week 2: Infant & Toddler Years

Reading: Textbook chapters 4-6

### Online

Textbook assessment: Take the MyDevelopmentLab Pre-test and Post-test for each chapter (chapters 4-6). Email me your Study Plan by **5:00pm Thursday** (note: due date is different than for Week 1).

Threaded Discussion: Cosleeping. Post by **11:59pm Mon night**, and respond to classmates by **11:59pm Wed night** (note: due date is different than for Week 1).

GroupWork Chat: Design a Toy. Work with your groupmates online, **Tues, 6:00pm.**

### In Class (Thursday)

- Unit 1 Quiz
- GroupWork
- Presentations
- Break
- Lecture

Weeks 3-5 will follow the same schedule as Week 2, unless otherwise noted. See “Schedule Overview” below for topics and due dates. (No Thurs. class in Week 6.)

## Schedule Overview

Week	Readings	Tuesdays & ONLINE		Thursdays In Class	
1. History and Foundations	Ch 1-3	May 28	*Sign on to eCollege *Register for MDL  Syllabus quiz due <b>11:59pm Tues</b>  Discussion: Get to know each other (post by <b>11:59 pm Tues</b> ; responses by <b>11:59 pm Wed</b> )  Say Hello ( <b>Tues 6:00pm</b> ): Main Chatroom  Wk 1 Study Plans due by <b>5:00pm FRI.</b>	May 30	Introduction Group Work
2. Infant & Toddler Years	Ch 4-6	June 4	Note: Due dates are different than for Week 1!  Discussion: Cosleeping (post by 11:59 pm <b>Mon</b> ; responses by 11:59 pm <b>Wed</b> )  GroupChat (Tues 6:00pm)  Wk 2 Study Plans due by 5:00pm <b>Thurs.</b>	June 6	Unit 1 Quiz Group Presentation: Design a toy
