Text/Readings: All required readings will be distributed through Sakai. It is also recommended that you purchase the Publication Manual of the American Psychological Association: 7th Edition if you do not own it already.

Purpose: The ability to understand, conduct, and write about empirical research is essential for a variety of fields, particularly clinical and abnormal psychology. The purpose of this course is to help you develop the necessary knowledge and skills to engage in research as a clinical scientist. Throughout the course, you will learn how to conduct a study in clinical psychology (e.g., formulating hypotheses, choosing measures, collecting and analyzing data) and how to disseminate your research findings through development of a research paper. As a student in this course, you will be immersed in every step of the process and will come away with a solid foundation in research in clinical and abnormal psychology. A comprehensive research report in **APA format** will be due at the end of class.

The course is restricted to undergraduate majors in psychology who have taken Quantitative Methods and Abnormal Psychology. It is designed to meet one lab course requirement of the psychology major. Like any lab course, *this class requires more than the average amount of work for you to earn a high grade.*

Core Requirements: This course has been certified as satisfying four of the Writing and Communication Learning Outcome Goals (including WCR and WCD) of the SAS Core Curriculum. Specifically, students will be able to:

- Respond effectively to editorial feedback from peers, instructors, and/or supervisors through successive drafts and revision (WCR)
- Communicate effectively in modes appropriate to a discipline or area of inquiry (WCD)
- Evaluate and critically assess sources, and use the conventions of attribution and citation correctly
- Analyze and synthesize information and ideas from multiple sources to generate new insights

Course website: If you are properly registered for the course, you have access to the course website through Sakai. There you will find copies of all slides, materials and special notices. **If you have questions about the course this should be the first place you look for an answer.** It is important to note that the syllabus is subject to change, so please consistently check the syllabus on Sakai so that you are aware of these changes.

Students with disabilities: Any student who feels he or she needs accommodation for a physical or learning disability should contact the Office of Disability Services (151 College Ave, Suite 123; phone 732-932-2848) and read more about Rutgers' policy at <https://ods.rutgers.edu>. If you request accommodations for this course, you will need a letter from Disability Services. This letter must be provided to me **by our second class**, at which point you may make a request for course-specific accommodations. The Chair of Undergraduate Psychology and I will review your request and may choose to modify it before it is approved.

Office hours: My office hours are by appointment via WebEx and you may email me in advance to set up an appointment. We can also meet before or after class if you schedule with me in advance. I welcome and encourage students to contact and meet with me if he or she has any questions regarding course material or assignments and this information cannot be found in the syllabus.

Attendance: Due to the amount of material and condensed format of this course, you are expected to attend **every class on time**. Attendance will be taken at the beginning of each class and inconsistent attendance and arriving late will result in a lowered grade. If you are more than 15 minutes late, you will lose 1 point for attendance. Absences will only be excused, with the presentation of a dean's note or other comparable notification. **If you miss two classes, you will be placed on probation. If you miss three or more classes, you will automatically receive an "F" for the course.**

Assignments: All assignments are due by 5pm on their due date (except for 2nd draft of introduction, results section and final paper that are due by 11:59pm on their due date). Late assignments will be docked 2 points per day for up to 3 days. This includes assignments turned in at any point after the deadline (i.e., assignments due at 5pm that are submitted at 5:01pm will lose 2 points). **Assignments more than 3 days late will not be accepted.** All assignments should be in 12-point font, double-spaced, and a Word or Pages document (NOT pdf). All assignments must be submitted through Sakai (not emailed). **Late final research papers will lose 10 points per day.**

Plagiarism: All work that students turn in must be their own work. Students *should not* work collaboratively on assignments without prior approval from the instructor. Any outside sources (including help from other people) must be appropriately referenced in all written work. Turning in someone else's work as your own is completely unacceptable. This includes downloading information from the web and pasting it into your paper. Submitting work that you previously submitted for another class or assignment is also plagiarism. All written assignments will be checked for plagiarism using Turnitin, an online plagiarism service. **Any student who plagiarizes on any assignment will, at the very least, receive a failing grade for the course.**

More severe consequences (e.g., expulsion) are also possible. More about academic integrity can be found at <http://academicintegrity.rutgers.edu>.

The Office for Violence Prevention and Victim Assistance provides confidential crisis intervention, counseling and advocacy for victims of sexual and relationship violence and stalking to students, staff and faculty. To reach staff during office hours when the university is open or to reach an advocate after hours, call 848-932-1181.

Disability Services

(848) 445-6800 / Lucy Stone Hall, Suite A145, Livingston Campus, 54 Joyce Kilmer Avenue, Piscataway, NJ 08854 / <https://ods.rutgers.edu/>

Rutgers University welcomes students with disabilities into all of the University's educational programs. In order to receive consideration for reasonable accommodations, a student with a disability must contact the appropriate disability services office at the campus where you are officially enrolled, participate in an intake interview, and provide documentation:

<https://ods.rutgers.edu/students/documentation-guidelines>. If the documentation supports your request for reasonable accommodations, your campus's disability services office will provide you with a Letter of Accommodations. Please share this letter with your instructors and discuss the accommodations with them as early in your courses as possible. To begin this process, please complete the Registration form on the ODS web site at:

<https://ods.rutgers.edu/students/registration-form>.
