

Syllabus Neuropsychology

310 section 01 – Fall 2012

Version 09-05-2012

Who

Instructor: Estelle Mayhew

Instructor email: emayhew@rci.rutgers.edu

TA : Marley Kass

TA email: marleyk@eden.rutgers.edu

- The TA is in charge of copying and grading the exams.
- The TA will have the physical exams.
- If you wish to see your exam (and this is a very good idea) then you must visit the TA during her office hours.
- If you then wish to discuss the exam with me, Marley can send it to me and we can go over it together. Bring your review question sheets (the answers you prepared to the review questions) when we discuss the exam, so we can see how your preparation for the exam can be tweaked.

When/where

Location: Livingston classroom building

Time: Mondays & Thursdays 8:40-10:00 pm

Office hours instructor: Thursdays, 10:30 – 11:30 am

Office location instructor: Room 229, Tillett Hall Livingston Campus

Office hours TA: Tuesdays 5:00-6:00 pm

Office location TA: Psychology 319, Busch campus

Note on email

- If you ask a question for which the answer is in the syllabus or in the announcements on Sakai, I will in all likelihood NOT reply to your email.
- If it's a minor issue, ask me before/after class.
- On other issues, I will try to get back to you within 3 days. Any emails sent at unearthly hours may not get read before class period, keep it in mind.
- Also, please remember to SIGN (that means first and last name) your emails. I don't know, nor will I expend any effort to find out who derriere@dotmail is. You also need to indicate in EVERY email WHICH CLASS and WHICH SECTION you are in, as I have 500+ students in several different classes and sections. ***If you forget to indicate your name, your class, or your section I am unlikely to reply to your email. (this applies all the way to the end of the semester).***

What

The goal of this course is to make you familiar with the basics of neuropsychology, that is, the study of the relationship between the brain and nervous system structures, and behavior.

We will therefore look at the various nervous system structures, and what behaviors they are involved with. We will then be studying what can go wrong with those nervous system structures, and what the resulting behavioral disorders are. We will also be learning about the methods in which knowledge is gained about the brain and the related behaviors.

Recommended Reading

Available at the Livingston bookstore

Principles of Neuropsychology, by Eric Zillmer, Mary Spiers, and William Culbertson. 2nd edition (2008). Published by Thomson and Wadsworth.

I realize the main book is expensive, as all college textbooks are. I honestly don't care if you get the loose-leaf version, some international edition that officially isn't supposed to be sold in the U.S., or the hardback.

This book is recommended, not required. You can find another source with background information about the topics covered in class. The review questions that will be posted on Sakai are your guide to what you must know.

There will be copies of the correct edition of the book on reserve in the Kilmer library on Livingston campus.

Optional

- A **Turning Technologies** clicker, this is to respond in class to clicker questions. Not required.

Class Website

- The class has a Sakai website which you should have access to if you are enrolled in the course.
- **MAKE SURE YOU CHECK THAT YOU CAN ACCESS OUR SITE, AND KEEP AN EYE ON ANNOUNCEMENTS FROM THE SITE.**
- The class slides (which are only an outline of the material covered) will be posted on Sakai. Posting will take place before class, so you can take notes on the printouts, but there may be empty slides with material to be filled in in class.
- Assignments will be posted Sakai. Count on about three assignments before each exam.
- Most importantly review questions will be posted on Sakai. They basically spell out what you should know for each exam. If you thoroughly know the answers to the review questions, you will do well in the course.

Tentative Class Schedule

Week	Dates	Topic
1	Thu, Sept. 6	Course Rules/ What is neuropsychology/Outline
2	Mon, Sept. 10	History & theoretical issues in neuropsychology/Terminology
	Thu, Sept. 13	Brain cells/Embryology & development
3	Mon, Sept. 17	Neuroanatomy, Parts, Support
	Thu, Sept. 20	Neuroanatomy,
4	Mon, Sept. 24	Neuroanatomy
	Thu, Sept. 27	General brain damage (trauma, vascular disorders, tumors)
5	Mon, Oct. 1	Methodology (electrophysiological, imaging)
	Thu, Oct. 4	Methodology II, epilepsy
6	Mon, Oct. 8	Sensory systems, occipital lobes
	Thu, Oct. 11	EXAM 1
7	Mon, Oct. 15	Occipital lobes
	Thu, Oct. 18	Temporal lobes
8	Mon, Oct. 22	Temporal lobes
	Thu, Oct. 25	Parietal lobes
9	Mon, Oct. 29	Parietal lobes/ Frontal lobes
	Thu, Nov. 1	NO CLASS
10	Mon, Nov 5	Frontal lobes motor function
	Thu, Nov. 8	Executive function
11	Mon, Nov. 12	EXAM 2
	Thu, Nov. 15	Hemispheric specialization
12	Mon, Nov. 19	Plasticity
	Tue, Nov. 20	Memory
13	Mon, Nov. 26	Emotion
	Thu, Nov. 29	Language disorders
14	Mon, Dec. 3	Reading disorders
	Thu, Dec. 6	Childhood disorders
15	Mon, Dec. 10	Aging & Dementias
	Study as if your life depends on it	
16	Mon, Dec. 17	FINAL EXAM 8-9:30 am

What makes the grade?

(1) Exams

- There will be three non-cumulative exams. Two exams during the semester and a final exam. Material covered in each exam is indicated below. The two exams during the semester will

be held in our normal location. The final exam will be held in our normal location, unless you get email/Sakai notification to the contrary.

- There will be non-cumulative make-up exams ONLY for those who present a doctor's note or a Dean's note within a week of the missed exam to the instructor.

Exam 1:	Material wks. 1-5	30% of grade
Exam 2:	Material wks. 6-10	30% of grade
Exam 3:	Material wks. 10-15	30% of grade

- *If* you have a conflict for the final exam, which is defined as follows by SAS:
 - More than two (2) final exams on one calendar day
 - More than two (2) final exams scheduled in consecutive periods (ex: A student has exams scheduled for 4:00-7:00 pm and 8:00-11:00 pm on one day and 8:00-11:00 am on the following day.)
 - Two final exams scheduled for the same exam period.
- *Then* you are allowed to ask for a makeup on the basis of conflict.
- In order to obtain it, you need to go to <http://finalexams.rutgers.edu> and log in (it's at the top of the page). Print out your final exam schedule and only then come to me. You should actually be able to do this on the first day that your schedule is finalized. The day before the exam conflict is TOO LATE to come asking for a makeup!
- Exam characteristics:
 - 60 Multiple choice questions
 - Covers lecture and book

(2) Assignments

- Assignments make up the remaining 10%. They are completed on Sakai, and they will have a deadline, after which you CANNOT submit the assignment. Assignments will be MC practice/review questions. There will be about 3 assignments per "exam period".

(3) Extra Credit

- There will be extra credit in the form of clicker questions during class. The total possible extra credit is 5 course points (i.e. half a letter grade).
- For each day there are clicker questions – by no means all classes – you earn a percentage grade.
- At end of semester all percentage grades are averaged and the proportion multiplied by 5.
- Clicker questions start counting with the questions on Sept. 20. Days before then are to make sure your clicker works, so do bring it.
- The spreadsheets showing responses during a class will be posted within 4 days of the class. It is your responsibility to check if your clicker answers registered. If it was a poll, it will just say if the clicker responded during class, and not indicate what responses were given.
- THERE IS NO OTHER EXTRA CREDIT

How to do well in the course

- Come to class, and arrive in time. Announcements are at the beginning of class.
- Pay attention in class (i.e. what is getting explained/emphasized). Get enough sleep before class, or your body will be present but not your brain.
- Prepare the answers to the review questions, start early. KNOW the answers, be able to explain them to your roommate!
- Buy/borrow/dig up your old Turning point clicker and use it in class so you get the extra credit.

Grading Scale for letter grades end semester

A	90% or higher
B+	85% - 89%
B	80%- 84%
C+	75% - 79%
C	70% - 74%
D	60% - 69%
F	below 60%

Course Ground Rules

(a) In class

I really only want you in class if you are going to be paying some attention, so be so kind as to turn off your cell phone, and if you urgently need to have a conversation, or if you want to read the newspaper or do crosswords rather than be in class, you are free to do so, but go elsewhere.

(b) Academic dishonesty

You are required to abide by the Rutgers policy on academic integrity; please familiarize yourself with this policy, you can view it at <http://academicintegrity.rutgers.edu/integrity.shtml> Read the section on level three violations and the sanctions that follow! Answering clicker questions for someone else is a violation of academic integrity!

(c) Absences from class

It is your responsibility to arrange to obtain information (other than the downloadable class slides, and those are outlines) if you miss one or more classes. Please do not ask or send email to the professor or teaching assistant. If you can, arrange in advance for someone in the class that you know to take good notes for you.

(d) Missing an exam

You will be allowed to take a make-up exam if, within one week of the exam, you present a doctor's note or letter from your dean's office to the professor.

- (a) For illnesses: I need a doctor's note to verify your illness. So if you get sick, *get a doctor's note*.
- (b) For car accidents: the dean will most likely ask for a police report to verify that the accident took place.
- (c) For personal or family emergencies: the dean will most likely require some verification of the emergency (such as a death certificate if a relative has died). If it is a personal issue of some other nature, it will be up to the judgment of the dean to determine whether or not you should be excused from the exam (and thus be allowed to take the make-up).
- Basically folks: I need some paper documentation from you.

Note: Your decision to remain enrolled in the course after the first class session is your implicit agreement to abide by everything stated above.
